

Innovative Technology

Collaborative Platform

Excellent Performance

Perfect User Experience

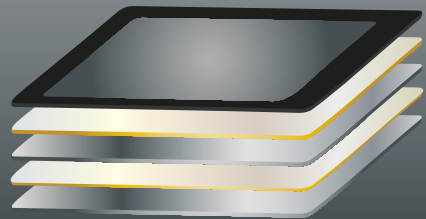

AbonMax touch display is not a large digital whiteboard in E-learning class room with capability of document annotation but also a tool suitable for business-class touch display system. Sharing your ideas with people by using your fingers is just easy, natural from now on. It is not only environment-friendly but also cost effectively. The device has, in many instances, replaced the dusty blackboard which always left hands, clothes and floors coated in a thin layer of chalk residue. AbonMax touch display is an innovative product which can refresh your life.

All you need is touch!

AbonMax touch display provided extraordinary interactive user experience for conferencing system. Annotating document on screen by using touch technology is just easy and straight forward. Different groups can discuss over audio system and share thoughts on LCD display screen simultaneously.

AbonMax touch display can work with MS Windows 10 seamlessly. The built-in Windows Ink is the new name for MS's pen support. The touch display supports into the app and turn itself into a digital white board in a second. AbonMax create a real-time, excellent, environmental-friendly communication platform in an exciting way.

AbonMax touch display works based on USB-based architecture. It works perfectly with apps running under Windows 10. It doesn't need customized hardware interface nor specific customized SW app. All you need to do is starting to have your finger dancing on the screen.

Product specification

Model	AMF650	AMF651
Diagonal size	65"	
Resolution	Full HD1920×1080 60HZ	
Color Support	16.7M	
Contrast Ratio	4000 : 1 Typ	
Brightness	400 cd/m2 (typical)	
Touch	10-point Projected Capacitive Touch sensor	
Touch report rate	>100Hz	
Viewing area	1,428.48 x 803.52mm	
Input/output	D-sub DVI HDMI 1.4*2 USB2.0x1 Audio output (3.5mm), 5W speaker x2	
Operating temp.	Temp.	0°C ~50°C
	Humidity	< 90%
Input power	AC Power (Input 100-240VAC)	
Hardness	>=7H	
Support OS	WIN10, 8, 7	
Interface	USB2.0	
Gloss	N/A	
Peripherals	N/A	Intel NUC i5、webcam、 Display mobile frame、 Display wall mount
Dimension	1,498mm(L) x 890mm(W) x 75mm(T)	
Weight	112.4lb 51kg
